PSYCHO-SOCIAL SUPPORT:

Forums for Dialogue under the Lebanon Crisis Response Plan (LCRP) Coordination Structure

What is the LCRP?

Overview of the current national level Coordination Structure

Where does PSYCHO-SOCIAL SUPPORT (PSS) fit in?

- PSS is cross-sectoral; Protection (incl. CP and SGBV), Education, Health
- MHPSS TF as a common platform/ led by MoPH-NMHP
- MHPSS interventions mapped in 4Ws
- Multiplicity of actors
- Various target groups and sub-groups
- Various activities (recreational, life-skills, counseling, awareness sessions, workshops, community-based activities)
- Various modules or themes addressed
- Coordination of PSS activities varies across sectors

Some challenges/ limitations

- Scope of PSS activities
- Sectors more often than not work in siloes
- PSS not a priority (strategy/ indicators/ targets)
- From an NGO perspective; mission/focus, own curriculum etc.

Suggestions >> Way Forward

- Strengthen Inter-sectoral collaboration around PSS
- Continue encouraging LCRP partners to participate in the MHPSS TF
- Definition of the scope of PSS interventions
- Mapping of the various curricula used and modules
- Material sharing (Dropbox?) to avoid duplication and waste of resources
- Evaluation/ evidence-base for Lebanon

Thank you! Let's discuss...
