CURRENT SITUATION
To coordinate works to develop National Poverty Alleviation Strategy
- To create and implement new comprehensive social assistance programs

- Short-term Strategy / Food, Heating, Sheltering, Health, Disaster, Soup-kitchen Assistances
- Mid and Long-term Strategy / Education Assistances and Project Supports

- To develop objective criteria in order to determine social assistance beneficiaries
- To gather all assistances realized by Public, Local Administration and NGOs under a single roof and monitor them

- 2022 Allowances for Elder and Disabled Person and Homecare Allowance with the Decree Law no.633
- Green Card application has been terminated as of January 1, 2012 / General Health Insurance Income Test has started to be realized by our Foundations

- To collect resources of Social Assistance and Solidarity Fund
- To determine permanent staff standards of SAS Foundations and assistance criteria
1. Social Assistance and Solidarity Foundations were founded in every province and sub-provinces of our country to provide cash and in-kind assistances to needy citizens. Foundations are the private law legal entity.

2. Decision-making body of the Foundations is the “Board of Trustees”.

3. In 2004, structure of the Board of Trustees was changed and number of members and election rules were amended.

4. By this way, it was enabled that members who will be selected by neighborhood and village mukhtars, members selected by NGOs and charitable citizens selected by Provincial Council take part in the Board of Trustees.

PROJECTS OF GENERAL DIRECTORATE
Social Assistance Information System (SAIS):
is an E-governance application which has been put into practice by GDSA with the aim of:
• Assurance/determination of neediness and personal information of citizens, who apply for social assistances, from central databases,
• Providing (online) data sharing between institutions for preventing reiterated assistances;

TR Identity No ➔ Search ➔ 14 Institutions ➔ 28 Different Data ➔ Report (in 10 seconds)
The project is being carried out in cooperation with TÜBİTAK.

2010-2013

The aim of the Project:
• To create common database (poverty inventory) in the field of social assistances,
• To transfer all procedures of GDSA and SASF into electronic environment,
• To gather all social assistances provided by public institutions under a central database,
• To exchange data with NGOs and local administrations.
The project was carried out in cooperation with the Bosphorus University.

Within this scope, it was determined that 150,000 women have been living in economic deprivation.

It was ascertained that women have lost their income in the time of death and experienced trauma.

Alongside with a regular cash donation program, a broad range of policy recommendations have developed.

The program was designed for paying 250 TL monthly.

As of May 3, 2012, 217,577 citizens are within the system; 89,966 citizens are being evaluated; 94,785 citizens have been accepted; 35,183 citizens have been rejected.
