SWF: Mission

• Help provide cash and in-kind assistance to the needy individuals and families to improve their living and social conditions, and combat negative behavior such as dependency on state assistance, mendicancy, etc.
SWF: Organizational structure
### Beneficiary selection method

Beneficiary HHs are selected depending on available financial resources. The beneficiaries are registered after filling in the application. The beneficiary receives a booklet and ID card, and they are informed about their rights and duties. Selection is made using the PMT with support of the WB. This system has been developed based on the standard applications to measure poverty systematically and reduce arbitrary selections. Therefore, beneficiaries are selected based upon PMT.

| There are two types of HHs targeted by this program:  
- Beneficiaries who successfully finished the skills training (animal raising, bee raising, sewing, and marketing)  
- Beneficiaries with specific knowledge will be tested to measure their competency. They are selected based on the following criteria:  
1. Falling within the economic category  
2. Beneficiary age between 18-55 years old  
3. Health status is appropriate for work | 1.400,000,000 | Program operations were on hold in 2012 due to political situation. However, it has targeted so far over 8946 HHs and over 50,000 individuals. | SWF provides micro loans and training. This program helps prepare the beneficiaries to run their own business. | SMEs |

</tbody>
</table>

Beneficiaries are selected as follows:

1. Children between 6-15 years enrolled in primary education
2. Children between 16-18 years enrolled in secondary education
3. In case there are two school-age children, preferably girls, incentives are provided

Education incentives are provided in case the child regularly attends school, and such attendance is regularly monitored. Level of incentives differ by age, with secondary education the highest.
