Unique Affiliate Registry RUAF

An information system that contains the registry of affiliates to the Integral Social Security System (Health, Pensions, Professional Risks), Family Subsidy, Unemployment registry and beneficiaries of programs rendered through the social protection network, like the ones offered by SENA, ICBF, Social Action and other entities, in accordance to article 15 law 797 of 2003. The system will allow the flow of information between the actors of the system, respecting information confidentiality and the role of every administrator.

The Unique Affiliate registry will become an instrument that integrates the different components of the Social Protection General System and facilitates the interrelation between its different affiliation, mobility and benefit allocation processes. It will specifically have to among others: identify and control multiple affiliations within terms provided by the law, identify and control tax evasion and circumvention, maintaining an updated registry of contributors and beneficiaries.
