Trauma

- Warning in advance on any step the teacher do
- Communicate with psychological and social guides
- Enable the teacher as a guide
- Fixed steps to deal with situation
- Always give them choices
- Focus on their experiences and strengths
- Believe and trust them
- Existence of an exit plan
- Take care of the client with them
- Keep them informed about the teacher's actions
- Focus on their experiences and strengths
A child has the right to play

Part of education is to teach children how to play because you learn how to be social through games as well as learn the joy of life

Children must always play and always smile.
